12-07-09 Brady 8352 12-07-09 Brady 8352 09I054602 Initial Report

SYNOPSIS: Dispatched on a welfare check in which the mother, or the complainant, was asking us to assist her in locating her son and his family. The son had not been heard from or seen since 12-06-09.

Police forced entry into the home and cleared it. The family was not located inside. This case will remain active for further detective follow-up.

## NARRATIVE:

On 12-07-09 at approximately 0953 hours, I was dispatched to the address of [REDACTED] West Sarah Circle on the report of a welfare check. Dispatched information was that the complainant was the mother and she was requesting assistance checking on her son, his wife, and their two young children, ages two and four.

The individuals identified for the welfare check were Joshua Powell and Susan Powell. The complainant identified herself as Terrica Powell, phone number [REDACTED]

Upon arrival over at the address, my backing Officer, Officer Rhodes, and I made contact with Terrica Powell who was already at the front door with multiple other children, who were identified as her grandchildren.

Also with her was her adult daughter who is Joshua's sister, identified as Jennifer Graves, date of birth [REDACTED] Terrica identified herself with a date of birth [REDACTED]

Terrica stated to me that she had called the police because she was contacted by the Powell children's daycare provider. The daycare provider came over to the house to check on the children due to the fact that they were not in daycare this morning.

Terrica said that this was highly unusual. The daycare provider came over to the house to possibly pick up the children and was unable to make contact at the door. The daycare provider then started calling the emergency contacts listed on the children's information file and this is how Terrica was contacted.

Terrica told me that she had already had her daughter and children go around the house to see if there were possible ways to enter the home without damaging property. Terrica advised me that the house was completely locked up tight. All windows and all doors were locked. She also advised me that the only tire tracks in the driveway were that of the daycare provider.

There had been a heavy snow storm on the night of 12-06-09, lasting into the morning hours of 12-07-09. The driveway still had fresh snow on it and the only tracks were halfway into the driveway and then back out.

These came from the daycare provider's van. The only other prints in the snow were footprints from Terrica and her family walking around the home.

I was able to verify this information by looking at the snow myself and I also saw no tire prints in or out of the garage. Terrica then stated to me that she knocked on the front door very loudly for quite some time. She said that the doorbell does not work at the house, so she beat on the front door for quite some time, just in case anyone was inside the residence asleep. She received no response.

I walked up to the front door to do the same and noticed that the house had a long, skinny window directly to the right of the front door. I could see that there was a white curtain covering this window and that the curtain was moving as if a fan was blowing it or the furnace was on and the warm air was moving it.

I could also see that there was a bay window in what appeared to be the living room right off the front of the door. I could see that one of the blinds in this bay window was also moving. I verified by looking around the house that all windows had blinds in them or had been covered up with sheets and that they were all locked. I checked the back door of the home and saw that it was locked and covered with blinds as well.

In order to gain access into the back yard, Officer Rhodes and I had to remove the clamps holding the chain link to the frame of the gate. The gate had been chained and locked shut, making the only other way to access the back yard be to scale a 6 foot chain link fence.

I requested that Terrica and her daughter, Jennifer, start contacting all of the acquaintances and friends that they knew of that would know Joshua and Susan or know their personal life. I also requested that they start contacting church members, due to the fact that Joshua and Susan were frequent church goers.

Jennifer started going around to the other homes in the cul-de-sac and knocking on doors. She was able to contact one of the neighbors who provided a telephone number for one of Susan's best friends.

This best friend was contacted and identified as Kiirsi Hellewell at phone number [REDACTED]. Kiirsi told Jennifer that Susan and the two children, identified as E [REDACTED] Powell [REDACTED] and C [REDACTED] Powell [REDACTED] walked home from church with Kiirsi at approximately 12 to 12:30 in the afternoon on 12-06-09.

I was informed that this was Stake Conference and that Joshua did not attend that meeting. Terrica and Jennifer also contacted the Bishop, home teachers, visiting teachers, and Relief Society President to further the help of people that may know where they were at.

It appeared to me as if Joshua and Susan and the two children were either in the house not responding to the front door, or had not been in the house since some time last night due to the fact that there were no tire tracks in the driveway other than that of the daycare van.

I was unable to determine if there was a vehicle inside the garage since the only window had been covered up with a sheet and the door going directly into the garage was locked up tight.

I contacted Sergeant Burke by telephone, advising him of the circumstances surrounding this case. Sergeant Burke requested that all leads be exhausted by contacting everybody possible who might know the Powells or know where they currently were.

I told Sergeant Burke that I had family members working on that portion of the case. I then said that forced entry needed to be made into the house and requested that Sergeant Burke respond out while this was being done to make the final call, minimizing West Valley City's liability.

Sergeant Burke and Sergeant Chen both arrived on scene to assist me with my investigation. After approximately a half hour to 45 minutes of speaking with Terrica and Jennifer, Sergeant Burke asked Terrica if she felt that it was necessary to break a window and gain access into the home to check on the welfare of the family. Terrica advised that she did believe that this was necessary, however, she requested that the smallest amount of damage be done in getting into the residence.

All possible entries into the home were looked at and the one that was chosen was the small window next to the front door. The window would be broken out and Sergeant Chen would then climb through the window to unlock the front door.

In order to get the screen out of the window I had to cut it out with a pocket knife since its frame was wedged into the window frame and could not be removed without damaging it.

I cut the screen out of the frame, broke the window with my asp baton, and cleaned the glass out. Sergeant Chen was able to climb through the window and into the residence. He then unlocked the door.

Officer Rhodes, Sergeant Burke, Sergeant Chen, and I then cleared the house. It was verified that nobody was inside and that the Powells' van was not in the garage.

I went outside to my patrol car and with the help of service dispatch, I was able to locate a plate number for the van belonging to Joshua and Susan. The plate number, [REDACTED] came back to a 2005 blue Chrysler Town and Country minivan registered to Joshua at that address. This matched the vehicle description provided to me by Jennifer.

I then had Service Dispatch check all of the hospitals in the Salt Lake Valley to see if any patients by the name of Joshua or Susan had been admitted. I also had them check all the valley agencies to see if the van registered to the two parties had been involved in any calls.

Dispatch got back in touch with me and stated that the Powells had not been admitted to any hospitals. Furthermore, neither the van's information nor either of their names came up in any calls reported to any agencies within the Salt Lake Valley.

I then checked the history on the house and saw that the last time police had been called to this address was in 2003 for a fraud. I looked up that case number and saw that this was a fraud not pertaining to or having anything to do with Joshua or Susan. It appeared as if the case involved the previous owners of the residence.

I next ran the address in our Spillman records and the last time this address had been used was in 2001. This was before Joshua and Susan owned the house. Jennifer told me that they had been living in the house for the past four to five years.

I obtained work information from Terrica who had already contacted both of their places of employment. She said she spoke with supervisors at both of their places of business and that, to this point, they were being called a "no show" since they were missing and hadn't called in.

This furthered the suspicion of where the family was at. I asked Terrica for their work information. She told me Susan works for Wells Fargo Investments with a telephone number of [REDACTED]. I contacted this number and spoke with [REDACTED]. [REDACTED] stated to me that she is not Susan's direct supervisor, however, she had looked in and made phone calls to the department Susan works for. She was told by Susan's supervisor that she was in fact scheduled to work today and that it was highly unusual for her to not show up.

I requested from [REDACTED] that, if Susan did contact work, she or someone else at Wells Fargo Investments contact the Police Station and let us know.

Wells Fargo Investments is located in Salt Lake City [REDACTED].

Next I contacted Aspen Logistics, whom Joshua works for. I spoke with [REDACTED]. [REDACTED] said that he had also been contacted by Terrica and confirmed that at this point, Joshua was considered a "no call", or "no show" because he had not shown up for work or contacted work. He stated to me that Joshua has worked for the company for almost one year and has never had behavior like this. He added and that it was highly unlike Joshua to not contact work or at least call in late.

After speaking with Terrica and Jennifer for a short time longer, Sergeant Burke requested that I remain on scene with the two of them while they tried to track down more phone numbers and more contacts of people who may know where they were. Sergeant Burke, Sergeant Chen, and Officer Rhodes all cleared the scene while I remained with Terrica and Jennifer.

I was then contacted back by Sergeant Burke who had already spoken to Sergeant Bobrowski and Detective Maxwell. Sergeant Burke stated to me that I needed to remove all of the family from inside the house and that Detective Maxwell was on his way over to conduct a preliminary investigation.

While Detective Maxwell was en route, I contacted Service once again and asked if they could [REDACTED] Joshua and Susan.

[REDACTED] I called both phones and they immediately went to voicemail without even ringing once. [REDACTED] the last call made from Susan's phone was at 1429 hours Mountain Standard Time on 12-06-09 and that it was an outbound call near 4200 South and 5600 West. The call lasted 104 seconds and was made to [REDACTED].

They were able to locate Joshua's phone number and stated that it was not a cell phone, but was a phone through Vonage Phone Company. They had no further information on it.

After I removed Jennifer and Terrica from the home, I sat in my patrol car in the driveway until Detective Maxwell arrived.

Detective Maxwell went inside the home with Officer Langi and me.

Officer Langi was there to assist and started the preliminary investigation by looking throughout the house and snapping photographs of the inside.

Inside the master bedroom of the residence was a Rug Doctor Carpet Cleaner. The reason the curtains and the blinds inside the home were moving was because there were two fans that appeared to be drying out the front room carpet after having been cleaned.

Joshua's mother, Terrica, told me that Susan made a Facebook entry at approximately 9:00 AM on 12-06-09, indicating that Joshua won a camcorder at a work Christmas party. Terrica stated to me that she believed it was possible that Joshua took the family on a drive to use the new camcorder and may have possibly gotten stranded in one of the canyons.

While inside the house Officer Langi pointed out a camcorder box sitting on the bookshelf, straight across from the front door. I picked up this camcorder box and saw that it was still sealed shut and it felt as if there was a camcorder inside. This was a small digital style camcorder with an internal hard drive. It was approximately the size of a small walkman cassette player.

While Detective Maxwell was inside the residence a neighbor came to the front door. She stated to me that she was the neighbor that had walked home with Susan and the children from church yesterday. She identified herself as Kiirsi Hellewell and provided a phone number of [REDACTED]. Kiirsi stated to me that she was contacted earlier this morning and had been contacting, texting, and calling all the church members to see if anyone knew where the family may be. She said that she was able to text JoVanna Owings at telephone number [REDACTED].

JoVanna got back in touch with Kiirsi this afternoon and stated to her that she was with the Powell family up until 5:00 PM on 12-06-09. She told Kiirsi that she had had a pancake dinner with the family and at approximately 5:00 pm, Susan was complaining of not feeling well. She said she left the residence and Joshua locked the front door behind her as she left. She said that when she got into her car to leave, Joshua got in his van to leave with the two children to go sledding. Susan was left at the residence, with the house locked up, to sleep.

This story was consistent with Joshua having called his father at approximately 12:30 in the afternoon on 12-06-09 to obtain a pancake recipe. This information had been discovered by Jennifer.

I asked Detective Maxwell if he needed anything listed on NCIC at this point. He said that that was not necessary right then and that he would continue with the investigation.

I requested that Officer Langi remain on scene and continue to take orders from Detective Maxwell since he was now taking the case over from that point on. At this time this case will remain active for detective follow-up, with the family still outstanding.

End of report.
