FROM: Detective Darrell Dain – WVCPD Homicide Squad

RE: Exigent request for cell tower access hits and all calls/text messages in relation to phone number [REDACTED]

The West Valley City Police Department is currently working an active missing person under suspicious circumstances in relation to Susan Marie Powell.

This subject was last seen by a friend at 1700 hours MST on 06DEC09. When this subject's children did not arrive for daycare on 07DEC09, the daycare provider called their family contact list and reached the subject's mother in law, Teresa Powell. She notified the police department.

The police department was never contacted by the husband, Joshua Powell, who would not answer calls from the police department. Joshua was finally reached at approximately 1700 hours on 07DEC09 by use of his sister's cell phone. He stated he was picking his wife up from work and would be home shortly.

He finally arrived home with his two children at 1830 hours and not his wife. At this time he said that he had no idea where his wife was. When asked where he had been all day he would only state driving around. He later stated he had gone to a desert area to take a two and four year old child over night on a camping trip.

If you have any concerns or questions please call me immediately at [REDACTED]
