INSTRUCTIONS

NARRATIVE:

The TIII will be monitored by personnel from 0600 thru 0000 beginning August 18, 2011 for 10 days. Three shifts will be worked, 0600-1500 and 1500-0000 with one additional shift 1200-2100 which will provide overlapping coverage during the day into the evening hours. There will be, at minimum, three people in the wire room at all times to monitor calls and communicate with personnel in Washington.

General communication will be with the use of Nextel type phones; private communication will be with the use of cell phones to either Sgt. Bobrowski 0600-1500 or Sgt. Gray 1500-0000 who then will disseminate pertinent information to the units working.

Lt. Quinlan will be the direct supervisor for personnel working and monitoring the TIII during this phase of the operation.
