I know Susan through my mom. She did my hair a few times, colored it once and cut it a couple of times. I remember one time when I went to get my hair done, Josh walked into the room and watching her get things ready. He honestly gave me the creeps. When I saw him that day he seemed mad. After Susan talked a little with him, he left the room, and Susan turned to me saying "Don't mind him, he doesn't like it when I do hair for people because he feels like I'm neglecting the kids when I do." When she'd do my hair, my mom and I would help her with the kids. My mom would often get up and get them food, and follow Susan's instructions. I'd mostly keep my eye on the kids, and keep them entertained if they needed entertainment.
