I know Susan and Josh through my mother, [REDACTED]. [REDACTED]  
[REDACTED]. I live at my parents house so I would mostly see Susan or Josh when they would come pick up the boys when I home. Which was just a few times a week.

My mom was good friends with Susan and they would do thing together. Susan would do my mom's hair and things like that. She would pick up or give Susan a ride if Josh would not do it. She even let Susan borrow her car to go to the temple because Josh would not let her use theirs. I guess he deiced not to go to church any more because of tithing or something like that. She still went to church but it was always a fight with the two of them. I never liked Josh. He did not treat Susan well in my eyes.  
Really what I know of Susan and Josh is what my mother knows. If you want to know anything else just let me know.
