Subject: latest on Josh

091054602

Josh doesn't seem to take responsibility for anything! he got no sleep on 7-3-08 b/c [REDACTED] wanted to watch fireworks...(the neighbors past midnight and josh wouldn't let charlie sleep with me where he wouldn't see the neighbors)

And last night, (7-4) home after midnight and [REDACTED] saying he's hungry, and i stupidly say, stay with him so i can get some sleep since i actually have to get up at 5am-(but apparently my lack of sleep for a real working day with time schedules is not as important as his, stay at home, on the computer with his schedule... ugh!)

he says i can't take counseling b/c it will show as employee health history so i'd be rated there and in life insurance. oh yeah, ps, when he said i lied b/c i bought \$90 instead of \$30 worth of groceries, one of his examples was \$0.25/lb for watermelon as too expensive. i looked at the receipt, it came to \$3.35 and just yesterday we bought a watermelon for a flat price of \$4 (i remember the one i purchased as larger than his)

From 7-2-08 he says I have "utter contempt" for him specifically that he doesn't work a regular job and therefore isn't a man. i told him i don't mind working while he stays home with the boys and would prefer he not spend the money i earn on another business but instead work on healing our marriage and his response was that "my actions imply the utter contempt and that he's not a man no matter what my words are" so now i've been responding with every time he gets angry at me for something minor, like asking a question like, "who was that that just called?" "why not?" when he replies with a couple of decipals louder, i just say, "utter contempt"

the only thing i'm holding on to (since i'm denied counseling and he's denied that he needs to fix anything) is one of his lists of things that need to be fixed-so he won't be stressed and our marriage will magically fix itself-according to him... is organizing the paperwork, one central location for ease of access and security. so we got started a little with that so i guess i've agreed to be strung along with his current excuse.

agh! he aggravates me. but at least we pretty much spent a family day fri (bike riding to walmart and getting donuts at a church flag thing in the am, and his fam, for the evening) and he wants to hang out with our friends sunday for dinner.

- Also notes taken with his knowledge on July 2nd as follows:
- Josh says Susan needs to:
 - Not spend \$ on counseling
 - Or anything else (his examples, "make-up, yarn, or other crap you buy"
 - Fix ms money (when I asked him to elaborate: enter all receipts, quit hiding 6 or 2 different filing systems and no paperwork except in the safe or in the office)
 - Clean up house (basement, food storage, paperwork in office only), finances, computer

Josh stated numerous times Susan "has utter contempt and acts and has attitude that Josh is worthless"

(He also commented that I "was writing this down to use against him later" and I reminded him I don't know what I need to fix if I never have the specifics written so I can refer to)

Susan says Josh needs to according to Josh:
Make photo's available

How about them apples? Every moment I step back and take stock of what I'm dealing with, it feels like a never ending cycle but I'm too afraid of the consequences, losing my kids, him kidnapping, divorce or actions worse on his part, if I take a stand on one of his ultimatums like spending \$20 on the counseling co pay, or cutting off his access to my pay check..
Anyways, thanks for listening!

Susan, he is crazy. Something is really wrong with him. How in the world do you fix it? He is being harmful to your children too, by the things he says and punishing them that way. I want to help you, but I don't know what I can do. How did Sunday go?

Susan, it sounds like things are starting to change a bit. I hope he wants to change for you and the children. I am so happy he has a job and I think that should help him, especially now that he can support the family. Yay for you. I think you are going about this very well. Keep me updated.
