well i really dont have much to say about them, i knew them only because my parents used to have them over for dinner and games and stuff and then susan cut my hair a few times but then years went by and i stopped going to church and i really had nothing to do with them except for throwing away josh's magnets he sent out with the yellow pages because i couldn't stand him for some reason! All his little quirks!

but i did see josh that sunday night susan went missing with his oldest son at albertsons but i didnt say hi because i cant stand him! grrr!

so i dont know if that helps at all! i'm sure i feel the same way about this case as everyone else! I do love susan and i hope you can solve this case and bring peace to susan's family!

thank you.
