[REDACTED]
Served as Mormon missionary in Brazil, where Portuguese is spoken

Sings and plays guitar

Before Jan 2007 Worked as an intern for the Governor's secretary

2008-2009

Mar-07 to July 2008 Worked at Salt Lake Tribune (90 South 400 West? This address is two blocks from the Fidelity office where Susan worked)

Oct 2008-May-09 Worked at Matchbin in Bountiful and in Saint George

Apr-09 Moved to Saint George
Was unemployed after May 2009, but evidently made regular trips to West Valley City, Bountiful (parents' home base) and other places in the area.

Susan Powell

Expressed an interest in learning Portuguese, and in things Portuguese, because of her ancestry. Talked to some people about her darker, "Portuguese" skin.

Susan's father sings and plays guitar, as does her father-in-law. Singing and music are extreme hot buttons for Susan. She has been in Choral groups since Junior High School.

Worked at Fidelity Investments (279 West South Temple, Salt Lake City, UT 84101)

Worked at Wells Fargo Investments

Susan's days off at Wells Fargo were Wednesday, Thursday and Sunday.

Do cell phone and debit records suggest that [REDACTED] trips were on those days?

Seen Susan Powell and [REDACTED]

[REDACTED]

26-Nov
Thursday
Was in West Valley City
to play volleyball in the morning
Went to Bountiful, and returned to
WVC in the evening for a "piece of
pie"

Who did he "play volleyball" with?
Where did he go for the "piece of pie?"
**Was there a friend in West Valley City who provided a
"safe house" for him and Susan?**
**Was he a stalker who came to WVC because he had
been following Susan?**

07-Dec
Ostensibly in St. George all day

**Did she call [REDACTED] early that morning on a pre-paid
cell phone to let him know that Josh had left
and that she was ready to implement their "plan"
to frame Josh?**
Did they spend the night together in the "safe house?"

Susan Powell

Frequently went to temple (or claimed she did)
on Wednesdays and Thursdays, her days off
In the past Josh said she would get really
agitated before "going to the temple."

It seems logical that the "safe house" is outside of
Susan's Mormon ward.
Susan was very close to her daycare provider,
[REDACTED] and gave her a key to the
Powell house, a fact that was learned after
Susan's disappearance. [REDACTED] is a
member of the ward the Powells attended.

Josh reports that Susan frequently
"disappeared" all day on her days off.
Sometimes he would track her down after his
work at the home of [REDACTED]
The visits with [REDACTED] may have been a
ruse to throw Josh off the track of the
"safe house." [REDACTED] is also in the
ward Powells attended.

Husband Josh leaves on campout.

Susan "disappears."
Did she go to the "safe house?" At what time?
Did someone pick her up and take her there?
How close was it to the Powell home?
**Can any neighbors in the area ID [REDACTED]
vehicle as spending a lot of time at the
"safe house?"**

- [REDACTED]
- 08-Dec [REDACTED] Ostensibly in St. George all day
Did they spend the day together in the "safe house?"
He needed an alibi, a reason for showing up four hours north of St. George. Was it today they hatched the plan for him to visit the parents of his ex-girlfriend, a ruse to show "interest" in someone other than the married woman he was having an affair with?
- 09-Dec [REDACTED] shows up at home of his ex-girlfriend's parents, unannounced. They invite him to stay for lunch. He returns in direction of West Valley City, purchasing food in Wendover, NV on the way.
- Did he spend night with Susan in "safe house" in West Valley City?
- 10-Dec He returns to St. George, evidenced by purchases in Springville and Nephi
- 12-Dec A cell phone ping places him on the west side of Lake Meade near Overton, NV
Have boat rental agencies in Overton or Boulder City been investigated to see if [REDACTED] rented a boat on 12 Dec in preparation for his "disappearance?"
If he rented a boat in Boulder City, below Davis Dam, was the boat abandoned downstream or returned?
- 13-Dec [REDACTED] parks his car in a Henderson, NV neighborhood, and is seen, in a neighbor's surveillance video, walking away from it "with a purpose." He disappears and is not seen again.

Susan Powell

What other possibilities might bring [REDACTED] (and Susan Powell?) to the west shore of Lake Meade the day before he disappeared?
Did he drive all the way to Bullhead City and purchase flight tickets with cash?
