

[redacted] and You

Ellis Maxwell February 10 at 8:10am

Thank-you for accepting me. Will you do me a favor and type a detailed statement regarding Susan and or Josh. How you knew them, how long you've known them, how often you would get together, what you seen first hand. Articulate everything and anything you knew about them as a couple or as a individual, what they told you not what someone else told you.

Either at the top or the bottom put your name, date of birth, address and contact number. Save your documents in the event I can't open it, email it to me at ellis.maxwell@wvc-ut.gov

This would be very helpful for my investigation! After I review your statement I may contact you for further follow up. Even if you didn't know either one personally and or it's been years since you've seen or spoke to either one or you were simply facebook friends through mutual friends, please articulate that in a statement and email it.

[redacted] n advance.

Umm, let's not get into that. You're not getting any \$\$ if that's your question. Are you going to email me a typed detailed statement or am I going to have to come to your school or home?
