Subject: [REDACTED] Follow-up

Ellis,

Officer Clark went out at about 0300 this morning to 3900 S Boot Hill to try and locate [REDACTED] to see if the phone was hers. There was no answer at the door so they could not determine if the phone was still hers. Just FYI

Dispatch logged the following calls from the number: they started a log at dispatch if you want it later.

Call 1 unknown 2324 hours

Call 2 911 line 0029 hours

Call 3 911 line 0044 hours

Call 4 911 line 0049 hours

Clark Called at 0055 and left a message/female called her back at 0057

Officer Clark wrote the following. I didn't think you wanted it input in the case. She can input it later if you want.

I called 435-631-0385 and left a message at this number. I received a call from the phone, the women told me that her name was [REDACTED] she told me that she had an affair with Powell for three years and that he had tried to contact her, he told her that his wife died of cancer and he needed a mom for his kids.

I then asked her if she could verify her DL number because I was unable to locate her DL, she then said she lived in Oregon and that she was just trying to help the Police out. I then went onto ask her to verify a phone number for Powell and she hung up the Phone.

Subject: Tip Call [REDACTED]

[REDACTED]
The number in Spillman comes back to [REDACTED] living at [REDACTED]

Dispatch said in 2008 a tip on a possible drug house at Boot Hill Drive came from the same number, female [REDACTED] made the call.

[REDACTED] called in an animal cruelty case in WJ from the same number.

I couldn't find a [REDACTED] or [REDACTED] in Spillman.

The phone number was supposed to be registered to a Park City address and is a Cricket number.
