

The Seven Aphorisms (Principles of Creations):

1. **The Principle of Psychokinesis:** Summum is mind, thought; the universe is a mental creation.
2. **The Principle of Correspondence:** As above, so below; as below, so above.
3. **The Principle of Vibration:** Nothing rests; everything moves; everything vibrates.
4. **The Principle of Opposition:** Everything is dual; everything has an opposing point; everything has its pair of opposites; like and unlike are the same; opposites are identical in nature, but different in degree; extremes bond; all truths are but partial truths; all paradoxes may be reconciled.
5. **The Principle of Rhythm:** Everything flows out and in; everything has its season; all things rise and fall; the pendulum swing expresses itself in everything; the measure of the swing to the right is the measure of the swing to the left; rhythm compensates.
6. **The Principle of Cause and Effect:** Every cause has its effect; every effect has its cause; everything happens according to Law; Chance is just a name for Law not recognized; there are many fields of causation, but nothing escapes the Law of Destiny.
7. **The Principle of Gender:** Everything has its masculine and feminine principles; Gender manifests on all levels.

About Summum:

Summum was founded in the fall of 1975 in Salt Lake City by Claude Rex Nowell, aka Corky Ra. It draws on Egyptian philosophy, offers modern mummification and uses a pyramid filled with mummified animals as a spiritual center.

According to its website, "The word 'summum' is a Latin term meaning 'the highest or greatest; the sum total.' In the context of Summum and other philosophies, 'summum' means 'the sum total of all creation.' Summum is an informal gathering of people who are seeking to understand themselves, to know who they truly are inside. Summum is not about doctrine, dogma, or beliefs, but about gaining the experiences that will awaken us to the spirit within and to our place in the matrix of Creation's formulations."
